

ACADEMIC MINOR

A minor consists of no fewer than 18 and no more than 24 related credit hours in an approved program of study, at least six (6) credits of which are at the 3000 level or higher. The minor is a clearly defined area of study that is sufficiently distinct from a student's academic major to qualify for recognition on the transcript. Students may minor in any discipline except for their major area (i.e., the major [or concentration] and minor cannot share the same name). A student must apply six (6) credits toward fulfillment of the minor requirements which are not applied toward the fulfillment of the major requirements. Students must maintain a minimum 2.0 cumulative grade point average (GPA) in all courses required.

Bachelor of Arts degree candidates must choose between a minor or second-year foreign language proficiency. To earn a Mansfield University minor, students must complete at least 50% of the required minor course work from Mansfield University. Though not a requirement for other degrees, a minor can be used to enhance academic experience and will appear on the student's permanent record.
